

Blue Hill/CAPS Executives Support CA World 2015

News Release: November 20, 2015

Mike Woods, senior director, Mainframe Technical Services, and Rosary De Filippis, executive director, Business Development and CMO, were on hand at CA World 2015, November 16-20, 2015 in Las Vegas. Hosted by CA Technologies, a strategic partner of Blue Hill Data Services, CA World is an annual conference that provides vision for future IT developments, access to CA's top executives, showcasing new products and enhancements across CA Technologies' portfolio spanning DevOps, Agile Management, Security, and Mainframe services and support.

Rosary De Filippis, executive director, Business Development and CMO, Blue Hill Data Services, and Mike Gregoire, president of CA Technologies

Mike Gregoire, chief executive officer of CA Technologies, opened CA World '15 by focusing on the changing timescales of innovation in the business landscape, and called on companies to harness software as a basic organizing principle of their businesses to stay relevant in a swiftly changing world.

"We enjoyed attending CA World 2015 meeting with CA product experts and key management helps us stay connected in learning how CA will continue to help us support our customers. There was a lot of emphasis on what it takes to be agile, and what products and services help achieve a positive ROI and the most business value," said Woods. "Of particular interest were the keynotes, including Mike Gregoire, Fareed Zakaria, Steven Kotler, and Peter Diamandis, speak of what lies ahead over the next five years. This fully comprehensive conference continues to be a must-attend event for Blue Hill Data Services."
