

**FOR IMMEDIATE RELEASE:
October 16, 2016**

BLUE HILL DATA SERVICES ATTENDING THE GARTNER SYMPOSIUM/ITxpo 2016

Rosary De Filippis, CMO and Business Development, is returning to this year's Gartner Symposium ITxpo 2016. The symposium will be held in Orlando, Florida from October 16-20th. This conference is billed as the world's most important gathering of CIOs and Senior IT Executives. It is sold out, with more than 10,000 executives attending.

This year's theme, *Lead 360. Drive Digital to the Core*, will help attendees see further, explore deeper and discover how to make digital a core competence for themselves and their organizations. The agenda will be anchored in three key areas: Technology and Information, Leadership, and Business Strategy. **Those attending will receive** actionable advice to drive digital to the core of their products, processes and talent. They will also learn to prepare for disruptive trends that can help deliver long-term business benefits.

Gartner Symposium/ITxpo is specifically designed for CIO's and Senior IT Executives. IT leaders will be challenged to step outside traditional boundaries to think provocatively during the event's *Maverick* sessions and connect with like-minded peers during various engagement activities.

Contact Rosary De Filippis to meet up during the conference to share ideas.
