

News Release

Congratulations to Blue Hill/CAPS COO and Managing Director, John Lalli, seen in NYC's Times Square as Professional of the Year

May 12, 2014

John has also been awarded Professional of the Year in 2007 and again in 2011. This distinction is **“in Recognition of Excellence, Dedication and Success in INFORMATION TECHNOLOGY/MEDIA ENTERTAINMENT.”**

Strathmore's Who's Who announces a Top Executive Club, featuring some of the most accomplished professionals who are considered to be among the upper echelon in their field. These individuals exemplify the caliber of people.

John's picture will be seen by millions throughout the day in NYC's Times Square on May 13. He is one of four professionals being recognized.

“I am pleased that more people may have the opportunity to become aware of the great solutions we are providing to our customers from our Blue Hill Data Services and CAPS organizations,” said John Lalli. ***“We have built a strong portfolio of IT data center managed services that helps our customers provide better IT services to their end users, while streamlining their costs. This event happening all day in Times Square gives us another way to get the word out.”***

About John M. Lalli, Managing Director and Chief Operating Officer

With over 30 years of technology and business experience across a broad spectrum of technology applications, John has been on both the corporate and managed services sides of the information technology business and as an industry subject matter expert with proven, successful track record of delivering client services and growth in the Information Technology Outsourcing and Business Process Outsourcing space.

John's career in information technology includes twenty-six years in Broadcast/Media/Entertainment with CBS, Inc. where his last position was Chief Information Officer. At CBS, John initiated a revenue generation shared services business which contributed significantly to the bottom line, culminating in a successful strategic outsourcing partnership, the first of a kind of a major television network.

Prior to joining Blue Hill Data Services, John was Executive Vice President of Infocrossing, Inc., a publicly held infrastructure services provider, where he was a key member of the leadership team that tripled

the growth of that company during the four year period to 2006 leading to its acquisition by WIPRO. Previously, he held senior management positions as Senior Vice President, Business Development and as Chief Technology Officer for managed services providers Systems Management Specialists (SMS) and Marconi Services (Marconi, PLC). John is a graduate of the University of Notre Dame where he holds a BA in Economics, and is a decorated Vietnam War veteran. John is on the Board of Trustees of Meadowlands Hospital in Secaucus, NJ, part of the Liberty Health System which includes Jersey City Medical Center.
