Blue Hill's CTO Delivers Presentation at 2014 SHARE Conference in Anaheim, CA.

March 17, 2014

Blue Hill Data Services' Chief Technology Officer, Tom Laudati, delivered a presentation at the 2014 SHARE Conference along with John Sawyer from SecureAgent, on March 14th at the Anaheim Marriot Hotel in Anaheim, California. SHARE Inc. is an independent, volunteer run association providing enterprise technology professionals with continuous education and training, valuable professional networking and effective industry influence.

The subject of this speaking session was: "Customer Experience with SecureAgent's Secure Data Solution Virtual Tape on Multiple Platforms." Tom Laudati discussed how Blue Hill utilizes the SecureAgent's solutions to help customers significantly improve the security and flexibility of their backup processes while reducing the cost and providing much faster RTO's and RPO's for data and disaster recovery. Learn how Blue Hill Data Services, a managed services/hosting provider, uses this economical enterprise virtual tape solution to support a wide range of customer recovery needs (mainframe, opens systems and iSeries) in a single VTL.

SecureAgent is a privately held, Fortune 500 company with offices located in Zurich, Stuttgart, New York, Tulsa and Florida.

A very satisfied SecureAgent customer gave the product a positive review saying "One of the things that makes the SecureAgent Secure Data Solution so attractive is its ability to handle all of our different systems with one solution....we saved half the cost, and are now able to recover from on outage 4 times faster than we were before." As partners, Blue Hill and SecureAgent have been helping their customers utilize this solution to achieve overall IT and data security/recovery goals.
