Blue Hill's John Lalli Celebrates with ComSource for their 30th Anniversary Gala

The 30th Anniversary Gala was celebrated on April 25, 2019 with Blue Hill's Chief Operating Officer, John Lalli, in attendance. The event was held at the Marriott in Syracuse, NY where it was well attended with an "A" list of clients and strategic partners turning out to celebrate the milestone.

The corporate anniversary was a wonderful opportunity to communicate with strategic partners, clients, employees, and other guests – and a perfect time to share ComSource's story. It's a chance to talk about why this business was started in the first place, where ComSource has been, what they do, and what makes them different as well as an opportunity to thank employees, clients and strategic partners who've helped ComSource reach this milestone.

John Lalli, Tom Laudati and the entire Blue Hill/CAPS team extended "Very Best Wishes" on ComSource's 30th, "Pearl" Anniversary!!

Adam Puccia, Director of Operations (ComSource), John Lalli, COO (Blue Hill Data), Kevin Hanlon, President (ComSource)

"As one of our top tier, key strategic business partners, we owe in large part the growth of our business over more than the past ten years and especially accelerated since we went private in 2011 to ComSource. The true partnering relationship and business model flexibility Kevin and his team demonstrate each and every day, including creative hardware acquisition options, cooperative sales strategies shared with us, excellent technical services resources and advisory, give us repeatable business outcomes that fuel our growth, strengthen our business and likewise hopefully fuel ComSource's growth and success as we work and grow together toward common goals. Thank you to Kevin and the ComSource team for being there for us!"
