Blue Hill (Blue Hill Data Services) provides managed support services to customers from all industries, including governments and educational institutions, and has extensive experience and technical expertise in supporting 24/7 mission critical workloads, managing mainframe, iSeries, and Open Systems environments.

TCC (The Consultants Consortium) is a managed services provider that offers robust, reliable, scalable and flexible platforms for your infrastructure. The partnership of Blue Hill and TCC provides procurement officials with the flexibility to procure critical mainframe services efficiently through the NASPO ValuePoint vehicle.

“This development furthers our commitment for delivering quality, cost efficient data center solutions to our government and education customers. In fact, these customers represent our fastest growing market segment, and we are very pleased to offer a flexible selection of capabilities through the NASPO ValuePoint vehicle. This will help our customers achieve successful outcomes and save time and money in the process.”

- John M. Lalli, COO, Blue Hill Data Services

About NASPO ValuePoint:

Started in 1992, NASPO ValuePoint is the cooperative purchasing arm of the National Association of State Procurement Officials, or NASPO. NASPO ValuePoint provides the highest standard of excellence in public cooperative contracting. By leveraging the leadership and expertise of all states and the purchasing power of their public entities, NASPO ValuePoint delivers the highest valued, reliable and competitively sourced contracts - offering public entities outstanding prices. NASPO is a non-profit association dedicated to strengthening the procurement community through education, research, and communication. It is made up of the directors of the central purchasing offices of the 50 states, District of Columbia and territories of the United States. The NASPO purchasing officials provide leadership for professional public purchasing, improve the quality of purchasing and procurement, exchange information, and cooperate to attain greater efficiency and economy.
