Blue Hill Celebrates with Service Express at Customer Appreciation Event

Blue Hill Data Services was pleased to participate in the Customer Appreciation Event hosted by Service Express on August 29, 2019. The annual event was celebrated with an evening cruise on the Hudson.

The evening was well attended by customers and partners who enjoyed not only the awesome views of Manhattan as they cruised down the Hudson, but dinner, conversation and lively music as well.

Blue Hill shares a long term partnership with Service Express and John Lalli, Tom Maguire, Rosary De Filippis, and Joel Begleiter were in attendance amongst many other distinguished guests.

Pictured (left to right) Dwight Strayer (Service Express COO), Rick Fama (Service Express Director), Ron Alvesteffer (Service Express CEO), John Lalli (Blue Hill COO), Rosary De Filippis (Blue Hill CMO), Joel Begleiter (Blue Hill Director).

It was obvious to all aboard that Service Express's award winning services is in lock-step with Blue Hill's philosophy in putting the customer first in everything we do. Service Express showed their appreciation with sincerity in this example of Customer Appreciation, and it was a wonderful lasting impression for all.

"This event was thoroughly enjoyed by me and members of the Blue Hill Team who were able to join. The evening was delightful, as we engaged with the Service Express Team as well as several other Service Express customers who were part of the evening, several of which were colleagues of ours as well. We appreciate the support Rick and the entire Service Express team gives us every day, and the goal moving forward to continue to grow together --great event, well organized, and a very delightful evening."

John M. Lalli, COO, Blue Hill Data Services

A view from the Hudson that one never tires of...

About Service Express

Service Express has been listening to their customers, focusing on what's important and providing better data center support solutions since 1993.

As a third-party maintenance provider, Service Express specializes in data center maintenance for server, storage and networking equipment. They meet the need for post-warranty support solutions by helping IT professionals reduce costs and experience an outstanding level of user-friendly service.

Their customer-centric philosophy drives them to try harder, be smarter and execute quicker. By recognizing the importance of matching outstanding customer service with expert technical support, Service Express continues to build successful partnerships with customers.

About Blue Hill Data Services
