

# xyClaim

## Claims Administration System

xyClaim is an interactive claims administration system, allowing for complete service and maintenance of life, property, disability and unemployment insurance claims. XyClaim also handles **annuity payment processing, and debt protection products**. From the initial receipt of a claim to its final disposition, xyClaim allows clients to monitor all user activity for **accuracy, security and auditability**. xyClaim is designed to make claims processing easy and efficient for **increased profits and productivity**.

### Dynamic Processing

- Automated Payments & Document Generation
- Automated Reminders & Closes
- **Proactively Processes Claims**
- Historical Record of All Actions
- Multi-Faceted Comment Feature
- Complete Diagnosis History

### Multiple Processing Methods

- **eSolutions Web Application**
- Standard Online Screens
- Batch Interface
- **APIs to Bring in Data From Other Applications**

### Multiple Reporting Mechanisms

- Audits, Exception Reports, Statistics
- Reserve & Annual Schedule F & 1099 Files
- **Datarray®—our SQL Data Warehouse**

### Total Integration with Administration Systems

- XyCredit, xyCard, xyAdmin, xyGAP
- May Be Used Stand Alone
- May Interface With Other Systems

### eSolutions Web Application

- **Comprehensive Searches Across All Systems**
- File Upload Capability
- Helpful Features of a Web App
- All of the Power of xyClaim

Combine With xyCredit, xyCard and xyAdmin for Fully Integrated Administration Systems

**Powerful \* Flexible \* Secure**
